FABRIC YARDAGE REQUIREMENTS FOR SEWING WORKSHOPS

***All yardage is per student unless otherwise noted**

All fabric for our sewing workshops will be provided by Craftcation. Each workshop will have pre-cut fabric bundles ready to go, and we'll make sure there are extras so even the last person to choose still gets a few great options.

That said, if you want to make sure your finished project totally fits your personal style, you're welcome to bring your own fabric. Just check out the yardage requirements listed below for each workshop so you know how much to bring.
